WATER AND WATER POLLUTION CONTROL

A SELECTED LIST OF PUBLICATIONS

MARCH 1968

Federal Water Pollution Control Administration – U. S. Department of the Interior

Reproduced by
NATIONAL TECHNICAL
INFORMATION SERVICE

19

The leaflets and publications listed have been selected to increase the average reader's knowledge of an environmental problem which is assuming greater importance each year. Single copies of the leaflets, brochures, and reprints are available without charge from the Publications Office, Federal Water Pollution Control Administration. Publications that are out of print are available only as a reference document located in the Federal Water Pollution Control Administration Library.

CONTENTS

PUBLICATIONS FOR THE GENERAL READER, ORIGINATING IN FWPCA FIELD INSTALLATIONS 1

FWPCA NUMBERED PUBLICATIONS 3

PUBLICATIONS TRANSFERRED TO FWPCA FROM PHS 8

ADVANCED WASTE TREATMENT RESEARCH PUBLICATIONS AND ENVIRONMENTAL HEALTH SERIES REPORTS 9

PUBLICATIONS FOR THE READER WITH SPECIAL INTERESTS 12

MISCELLANEOUS NON-NUMBERED PUBLICATIONS 13

PUBLICATIONS FOR THE GENERAL READER

AVAILABLE FROM ORIGINATING OFFICE AS INDICATED
FEDERAL WATER POLLUTION CONTROL ADMINISTRATION

COMPREHENSIVE PROJECT PUBLICATIONS: Illustrated, varying sizes, describing Federal projects designed to develop comprehensive water pollution control programs. Request direct from projects.

* Lake Ontario Program. WP-10. 1966.

* Southeastern Comprehensive Project for water pollution control. WP-14. 1966.

* Missouri-Souris-Red Rivers Program. WP-21. 1966.

* Chesapeake Bay-Susquehanna River Project. WP-27. 1966.

* Columbia River Project. 1966.

* Delaware Estuary Project. 1965.

* Ohio River Project. 1965.

* Lake Huron Program – Great Lakes-Illinois River Basins Project. 1965.

LABORATORY PUBLICATIONS: Illustrated, varying sizes. Describing the function of the FWPCA field laboratories. Request direct from laboratories.

** Clean Water for the Southwest. WP-4. 1966.

** Clean Water for the Southeast. WP-8. 1966.

** Pacific Northwest Water Laboratory. WP-31. 1966.

** Clean Water for Alaska. Alaska Water Laboratory. 1965.

** National Water Quality Laboratory. (Fact Sheet.) 1967.

FIELD INSTALLATION PROGRAM PUBLICATIONS AVAILABLE FROM ORIGINATING OFFICE

Pollutional Effects of Pulp and Paper Mill Waste in Puget Sound, March, 1967, Northwest Regional Office, Portland, Oregon. A report on studies conducted by the Washington State Enforcement Project.

Water Pollution Problems of Lake Michigan and Tributaries – Action for Clean Water, January, 1968. This report is based on studies and investigations by FWPCA, paralleling investigations made through cooperative agreements by other agencies of the Department of the Interior, and information obtained from other Federal agencies. Great Lakes Region, Chicago, Illinois.

Water Quality Investigations – Lake Michigan Basin – Population and Economy – A technical report containing background data for a water pollution control program. Great Lakes Region, Chicago, Illinois.

Biology of Water Pollution – A collection of selected papers on stream pollution waste water and water treatment to be used as an aid in the training of new environmental scientists to meet today's and tomorrow's personnel needs in the conservation of our nation's natural resources, October 1, 1967, TA&I Branch, 5555 Ridge Avenue, Cincinnati, Ohio 45213.

Index to Research: Coastal and Estuaries Waters in the United States, September, 1967 – A description of more than 250 research projects (during 1966) to be completed in the near future by governmental, academics and private facilities. The projects encompass biological, chemical, geological, and physical aspects of the marine environment. Pacific Northwest Laboratory, Corvallis, Oregon.

Environmental Requirements of Blue-Green Algae. Proceeding of a Symposium, September 23-24, 1966. The problem of accelerated eutrophication is of growing concern. It is scutinized increasingly not only by the public and its representatives in Government. Jointly sponsored by the University of Washington and the Federal Water Pollution Control Administration, October, 1967. Pacific Northwest Laboratory, Corvallis, Oregon.

Handbook of Pollution Control Costs in Mine Drainage Management, December, 1966. The information presented in this hand book answers a need of the Monogahela River Mine Drainage remedial for preliminary cost data in determining relative costs of mine drainage abatement. Prepared by the Monongahela River Mine Drainage remedial project and the Advisory Work Group, Wheeling, West Virginia 26003.

The Beet Sugar Industry – The water pollution problem and status of waste abatement and treatment – South Platt River Basin Project, June, 1967 (PR-8). A special report prepared with the cooperation of the sugar beet industry, several State health departments and Federal agencies and other interested organizations. Denver, Colorado.

San Joaquin Master Drain – Effects of Water Quality of San Francisco Bay and Delta, January, 1967. This publication describes a joint plan by the U. S. Bureau of Reclamation and the California Department of Water Resources to construct a master drain in the San Joaquin Valley for the purpose of collecting and transporting highly saline agricultural drainage waters to a disposal point in the Sacramento-San Joaquin Delta near the City of Antioch. Central Pacific Basins Comprehensive Water Pollution Control Project, San Francisco, California.

Publications in the I.W.P. Series. A four volume report submitted to the Congress on the National requirements and consists of water pollution control. These studies are required to cover the five-year period beginning July 1, 1968 and to be updated each year thereafter.

"THE COST OF CLEAN WATER"

Volume I – Summary Report, January 1, 1968, 39 pp.

Volume II – Detailed Analyses (In press)

Volume III – Industrial Waste Profile Series.

FWPCA Pub. No. I.W.P.-1 – Blast Furnace and Steel Mills, 100 pp., September 1967.

FWPCA Pub. No. I.W.P.-2 – Motor Vehicles and Parts, 116 pp., November 1967.

FWPCA Pub. No. I.W.P.-3 – Paper Mills, 154 pp., November 1967.

FWPCA Pub. No. I.W.P.-4 – Textile Mill Products, 146 pp., September 1967.

FWPCA Pub. No. I.W.P.-5 – Petroleum Refining, 178 pp., November 1967.

FWPCA Pub. No. I.W.P.-6 – Canned and Frozen Fruits and Vegetables, 114 pp., September 1967.

FWPCA Pub. No. I.W.P.-7 – Leather Tanning and Finishing, 68 pp., September 1967.

FWPCA Pub. No. I.W.P.-8 – Meat Products, 148 pp., September 1967.

FWPCA Pub. No. I.W.P.-9 – Dairies, 166 pp., September 1967.

FWPCA Pub. No. I.W.P.-10 – Plastics Materials and Resins, 90 pp., October 1967.

Volume IV – State and Major River Basin Municipal Tables (In Press)

FWPCA NUMBERED PUBLICATIONS:

The New Federal Water Pollution Control Program. WP-2. Brief description of present program of Federal Water Pollution Control Administration. (under revision)

***Klamath Basin Study. WP-9. 1966. Illustrated. Description of a Federal technical assistance project to determine effects of pesticides on wildlife.

Your Career and Clean Water for America. WP-12. 1966. Career opportunities in the Federal Water Pollution Control Administration briefly described. (under revision)

Biological Field Investigative Data for Water Pollution Surveys. WP-13. 1966. A compilation of biological information as related to water pollution preventive and abatement programs.

Sewage and Water Works Construction. WP-15. 1965. Annual report published as one part of the basic data program required and authorized in Public Law 660 (as amended by Public Law 87-88). (under revision)

Water and Sewer Bond Sales in the United States January-December 1965. WP-16. 1965. Annual report of only those sales reported to the Investment Bankers Association or assembled by that Association from available documents. (current issue under revision)

Water Pollution Control Research and Training Grants. WP-17. 1966. Index of 1962-1964 Research Grant publications and reports.

A Program to Combat Storm Water Pollution. WP-18. 1966. A description of the Federal program of grants to promote new or improved methods of controlling storm water.

New Water for Old. WP-19. 1966. Description of the advanced waste treatment project at Lebanon, Ohio, conducting experiments in the efficient and economical usage of waste water.

The Identification and Measurement of Chlorinated Hydrocarbon Pesticides in Surface Waters. WP-22. 1966. A description of the techniques and methods currently employed in the surveillance system laboratories of the FWPCA.

Water Pollution Control—Waste Treatment and Water Treatment. WP-23. 1966. A comprehensive bibliography of selected biological references on fresh and marine waters.

Publications transferred to the Federal Water Pollution Control Administration from the Public Health Service (formerly Division of Water Supply and Pollution Control)

	PHS No.
Algae in Water Supplies. An illustrated Manual on the Identification, Significance, and Control of Algae in water supplies – Reprinted 1967.	657
Municipal Water Facilities -- Communities of 25,000 Population and Over – U. S. and Possessions. 1964. A cooperative State- Federal report containing information on population served, laboratory control, source of supply, treatment and improvements needed.	661
Water Pollution Surveillance System – Annual Compilation of Data. 11 Vols. 1963. A Federal, State and Local report on water pollution surveillance of surface waters at selected locations throughout the United States.	663
Municipal Water Facilities – 1963 Inventory. 9 Vols. 1964. A listing of the Nation's municipal water facilities. Contains figures on population served, laboratory control, source of supply, treatment and improvements needed. Each volume represents one region of the country. Request by Region.	775
Proceedings – The National Conference on Water Pollution. December 12-14, 1960. Compilation of speeches, panel and floor discussions by experts on the Nation's Water resources and requirements including legislation, competition, pollution, government and industry responsibilities, research, training and planning. Suitable for professional and advanced students.	819
Problems in Financing Sewage Treatment Facilities. 1962. Identifies problems of legal barriers, inflation, interest rates and sales of bonds, managing issues; suggests ways and means by which municipalities may circumvent such problems when borrowing money.	886
Public Health Service Drinking Water Standards. 1962. Standards promulgated by the PHS effective April 5, 1962, for potable water used by carriers subject to the Federal Quarantine Regulations.	956
Municipal Waste Facilities – 1962 Inventory. 9 Vols. 1964. A listing of the Nation's municipal waste facilities. Contains information on population served, type of sewer system, treatment provided, water body to which waste is discharged and pollution abatement needs. Each volume represents one region in the country. Request by Region.	1065
Modern Sewage Treatment Plants – How Much Do They Cost? 1964. Based on studies of projects built with PHS grants, 1956-63. The study relates to construction costs per capita, construction costs per population equivalent and construction costs per unit flow.	1229
Pollutional Effects of Stormwater and Overflows from Combined Sewer Systems. 1964. A preliminary semi-technical appraisal covering explanations of sources of data, characteristics of combined and stormwater flows, remedial methods and costs.	1246
The Storage and Retrieval of Data for Water Quality Control. 1964. A description of the elements of the STORET system of storage and retrieval of data.	1263

ENVIRONMENTAL HEALTH SERIES REPORTS: The Water Pollution Control Research Series of reports was established to describe the results of research studies of water pollution. This series provides a central source of information on the intramural research activities of the Federal Water Pollution Control Administration in the U. S. Department of the Interior and on the research program's cooperative and contractual activities with Federal, State, and local agencies, research institutions, and industrial organizations. Reports in this series will be distributed to requester as supplies permit. Requests should be sent to the Publications Office, Federal Water Pollution Control Administration, Ohio Basin Region, 4676 Columbia Parkway, Cincinnati, Ohio 45226.

ADVANCED WASTE TREATMENT RESEARCH PUBLICATIONS

		Report Number
AWTR-1	Summary Report, June 1960 – December 1961	W62-9
AWTR-2	Preliminary Appraisal of Advanced Waste Treatment Processes	W62-24
	A Laboratory Guide to Fungi in Polluted Waters, Sewage, and Sewage Treatment Systems. Their Identification and Cultures	999-WP-1
	Glossary of Commonly Used Biological and Related Terms in Water and Waste Water Control	999-WP-2
AWTR-3	Ultimate Disposal of Advanced-Treatment Waste Part 1. Wet Oxidation Part 2. Incineration	999-WP-3
AWTR-4	Waste-Water Renovation Part 1. A Design Study of Freezing and Gas Hydrate Formation Part 2. Feasibility Tests of Freezing	999-WP-4
AWTR-5	Contaminant Removal from Sewage Plant Effluents by Foaming	999-WP-5
AWTR-6	Cost of Purifying Municipal Waste Waters by Distillation	999-WP-6
	Application of Spectral Analysis to Stream and Estuary Field Surveys. 1. Individual Power Spectra	999-WP-7
	Extended Aeration Plants and Intermittent Watercourses	999-WP-8
AWTR-7	Advanced Waste Treatment by Distillation	999-WP-9
AWTR-8	Ultimate Disposal of Advanced-Treatment Waste Part 1. Injection Part 2. Placement in Underground Cavities Part 3. Spreading	999-WP-10
AWTR-9	Adsorption of Biochemically Resistant Materials from Solution. 1.	999-WP-11
AWTR-10	Feasibility of Granular, Activated-Carbon Adsorption for Waste-Water Renovation	999-WP-12
AWTR-11	Evaluation of the Use of Activated Carbon and Chemical Regenerants in Treatment of Waste Water	999-WP-13
AWTR-12	Evaluation of Various Adsorbents and Coagulants for Waste-Water Renovation	999-WP-14
	Environmental Measurements: Valid Data and Logical Interpretation. A Symposium	999-WP-15
	Waste Stabilization Pond Study, Lebanon, Ohio	999-WP-16

		Report Number
AWTR-12 – Continued		
	Pesticides in Soil and Water. An Annotated Bibliography	999-WP-17
	Influences of Impoundments on Water Quality. A Review of Literature and Statement on Research Needs	999-WP-18
AWTR-13	Electrochemical Treatment of Municipal Waste Water	999-WP-19
	Pollution and the Life in Water	999-WP-20
	Deep-Well Injection of Liquid Waste	999-WP-21
	Interaction of Heavy Metals and the Biological Treatment Processes	999-WP-22
	A Serial-Dilution Apparatus for Continuous Delivery of Various Concentrations of Materials in Water	999-WP-23
AWTR-14	Summary Report: The Advanced Waste Treatment Research Program. January 1962 through June 1964	999-WP-24
	Biological Problems in Water Pollution. Third Seminar. 1962. Third Seminar, Cincinnati, Ohio, August 13-17, 1962	999-WP-25
	Water Oxygen Demand No. 2	999-WP-26
	The Santee Recreation Project. Santee, California. Summary Report, 1962-1964	999-WP-27
AWTR-15	Feasibility of Granular, Activated-Carbon Adsorption for Waste-Water Renovation. 2.	999-WP-28
	Waste Disposal on Space Craft and its Bearing on Terrestrial Problems	999-WP-29
	Symposium on Streamflow Regulations for Quality Control. Cincinnati, Ohio, April 3-4, 1963	999-WP-30
	Duck-Processing Waste	999-WP-31
	Biology of Chicago's Waterways	999-WP-32
AWTR-16	Adsorption of Biochemically Resistant Materials from Solution. 2.	999-WP-33
AWTR-17	Studies Relating to Market Projections for Advanced Waste Treatment	WP-20-AWTR-17
AWTR-18	Electrodialysis in Advanced Waste Treatment	WP-20-AWTR-18
	Water Metal No. 3. Study Number 23	999-WP-36
	Analysis of Dissolved Oxygen in Natural and Waste Waters	999-WP-37
	Water Trace Elements No. 2. Study No. 26	999-WP-40
	The Santee Recreation Project, Santee, California. Final Report, 1965	999-WP-41
	Water Phenols No. 1. Study No. 26	999-WP-43

WATER POLLUTION CONTROL RESEARCH SERIES
(Available from Cincinnati, Ohio. See Introduction.)

WATER POLLUTION CONTROL RESEARCH SERIES–Continued	
Santee Recreation Project, Santee, California Final Report	WP-20-7
Interim Report Upper Klamath Lake Studies – Oregon	WP-20-8
Deep Wells for Industrial Waste Injection in the United States – Summary of Data	WP-20-10

PUBLICATIONS FOR THE READER WITH SPECIAL INTERESTS

AVAILABLE FROM PUBLICATIONS OFFICE FEDERAL WATER POLLUTION CONTROL ADMINISTRATION IN LIMITED QUANTITIES+

Restoring the Quality of Our Environment. Report of the Environmental Pollution Panel of the President's Science Advisory Committee. November 1965.

Waste Management and Control. A report to the Federal Council for Science and Technology by the Committee on Pollution, National Academy of Sciences-National Research Council. Publication 1400. 1966.

Alternatives in Water Management. A report of the Committee on Water, Division of Earth Sciences, National Academy of Sciences-National Research Council. Publications 1408. 1966.

A Ten-Year Program of Federal Water Resources Research. Federal Council for Science and Technology, Executive Office of the President. February 1966.

Marine Science Affairs—A Year of Transition. The first report of the President to the Congress on Marine Resources and Engineering Development. February 1967.

A Study of Pollution—Water. A staff report to the Committee on Public Works. June 1963. Committee Print. Committee on Public Works, U. S. Senate. (This report is now being updated and will be reprinted).

Steps Toward Clean Water. Report to the Committee on Public Works. Committee Print. Committee on Public Works, U. S. Senate. January 1966. 89th Congress, 2nd Session.

The Adequacy of Technology for Pollution Abatement. Report of the Research Management Advisory Panel, Committee on Science and Astronautics, House of Representatives. 89th Congress, 2nd Session.

Water Resources Research Catalog. U. S. Department of the Interior. Office of Water Resources Research. Part II. September 1965. Non-Federally Supported Research in Progress.

Federal Water Resources Research Program for Fiscal Year 1967. Federal Council for Science and Technology, Committee on Water Resources Research of the Office of Science and Technology. April 1966.

Environmental Pollution—A Challenge to Science and Technology. Report of the Subcommittee on Science, Research and Development to the Committee on Science and Astronautics. Committee Print. U. S. House of Representatives. 89th Congress, 2nd Session.

Separating Storm and Sanitary Sewers in Urban Renewal: Water Pollution Control and Abatement. 32nd Report by the Committee on Government Operations, House of Representatives. (HR No. 1648) 89th Congress, 2nd Session.

Federal Research and Development Programs: The Decision Making Process. 34th Report by the Committee on Government Operations, House of Representatives. (HR No. 1664) 89th Congress, 2nd Session.

Problems and Future of the Central City and Its Suburbs. Message from the President of the United States. House of Representatives. (H. Doc. No. 99) 89th Congress, 1st Session.

Unshackling Local Government — A Survey of Proposals by the Advisory Commission on Inter-Governmental Relations. 30th Report by the Committee on Government Operations, House of Representatives. (HR No. 1643) 89th Congress, 2nd Session.

+In some cases extra copies of publications in this category are not available. A reference copy is located in the Federal Water Pollution Control Administration Library.

Preserving Our Natural Heritage. Message from the President of the United States. Transmitting – Programs for Controlling Pollution and Preserving our Natural and Historical Heritage. February 23, 1966. (H. Doc. No. 387) House of Representatives. 89th Congress, 2nd Session.

Manpower and Training Needs in Water Pollution Control. United States Department of the Interior. Federal Water Pollution Control Administration. July, 1967.

Water Pollution Caused by the Operation of Vessels. United States Department of the Interior. Federal Water Pollution Control Administration. December, 1966.

Wastes from Water Craft – A Report to the Congress. U. S. Department of the Interior. Federal Water Pollution Control Administration. June 30, 1967.

Water Quality Standards: Questions and Answers. U. S. Department of the Interior. Federal Water Pollution Control Administration. June, 1967.

Catalog of Federal Assistance Programs. Produced by the Office of Economic Opportunity, Executive Office of the President, June 1, 1967.

Surface Mining and Our Environment – A Special Report to the Nation. U. S. Department of the Interior. 1967.

Cooperative Water Resources Research and Training – 1967 Annual Report, U. S. Department of the Interior, Office of Water Resources Research – A six parts third annual report pursuant to the Water Resources Act of 1964 as amended by Public Law 89-404.

Land and Water for Tomorrow: A handbook for training community leaders based on the experiences of the League of Woman Voters Education Fund in initiating and carrying on six pilot seminars on land and water use with follow-up activities. This project was supported by a Demonstration Grant, WFD 62, awarded by the Federal Water Pollution Control Administration.

Save Our Lake – A Chicago Tribune campaign to end pollution of Lake Michigan. Many of the highlights in the campaign to date are in this book. The report will continue in the Chicago Tribune.

Community Action Program for Water Pollution Control, National Association of Counties Research Foundation – Revised July 1967. Ten non-technical community action guides which have been prepared to provide locally elected and appointed policy-making officials with comprehensive, workable outlines on all aspects of the planning design, organization, financing and operation of a total community program to prevent and abate water pollution. Supported (in part) by a Demonstration Grant, number WPD-55-04-67, from the Research and Training Grant Program, Federal Water Pollution Control Administration.

MISCELLANEOUS NON-NUMBERED PUBLICATIONS

Federal Water Pollution Control Act. Public Law 84-660. Includes appendices and Oil Pollution Act of 1924 as amended. The Law under which the Federal Water Pollution Control Program is carried out.

Water Quality Act of 1965. Public Law 89-234. Reprinted from HEW Indicators. Description of provisions of the Water Quality Act of 1965.

Suggested State Water Pollution Control Act, Revised. 1966. Outlines purposes and aims of act and sets forth model for State governments to base their laws upon.

Water Resources Activities in the United States. Four reports of the Senate Select Committee on National Water Resources pursuant to S. Res. 48, 86th Congress. Formal, semi-technical presentations including considerable statistical presentations including considerable statistical data.

Print No. 7 — Future Water Requirements for Municipal use. December 1959.

Print No. 9 — Pollution Abatement. January 1960.

Print No. 24 — Water Quality Management. February 1960.

Print No. 29 — Water Requirements for Pollution Abatement. July 1960.

Resources to Meet Community Sewage Treatment Needs under the Construction Grants Program. Explains the Federal program of incentive grants for assisting in the construction of municipal sewage treatment facilities. (fact sheet)

Water Pollution Control Research and Training Grants – 1965 Index Research Grant Publications and Reports. 1967. A source document for the retreival of known literature which has resulted from research grants awarded under the Federal Water Pollution Control Act.

Needed: Clean Water. 1967. Uses sketches and cartoons to summarize reasons why the nation is facing a shortage of clean water and how pollution control and water reuse appear to be the practical means of preventing it.

Conservation – 1967 Edition. A list of publications on conservation and related Department of the Interior subjects, for sale by the U. S. Government Printing Office.

Water Pollution Control Training Bulletin of Courses – July 1967 to June 1968 – water pollution control training program bulletin of courses for FY 1968 for professional and technical individuals interested in these training opportunities.

Guide to Department of the Interior Research and Development Contracts and Grants. Prepared by Office of the Science Adviser, Office of the Secretary, Department of the Interior. This brochure provides general information valuable to present and prospective grantees and research and development contractors of Bureaus and Offices of the Department of the Interior. The Department has no central office for accepting grant and research and development proposals. Inquiries should be addressed to a specific Bureau or Office.

Summary Report on the Niagara River, prepared by the Lakes Erie-Ontario Advisory Board to the International Joint Commission of pollution of boundary waters – October 1967.

Program of the Federal Water Pollution Control Administration, prepared by Office of Program Plans and Development, FWPCA, July 1967. This book has been written as a general reference for those who have a need for some substantive information on water pollution. It contains information on the program, presents a review of the problem, and the existing capability for implementing a solution and the efforts now employed to combat it. (This book is presently under new revision)

The Water in Our Life, by William Laas and Dr. S. S. Beicos, 1967. A fascinating story of the most important substance on the face of the earth.

Clean Water Facts Sheets – A series of brief description of the FWPCA Federal programs.

1. Construction Grants
2. Comprehensive Planning
3. Water Quality Act of 1965 and Clean Water Restoration Act of 1966
4. Advanced Waste Treatment and Joint Treatment Projects
5. Storm and Combined Sewer Projects
6. Training Grants
7. Industrial Waste Treatment Projects
8. Research Grants and Contracts
9. Research Fellowships
10. Technical Programs
11. Demonstration Grants and Contracts

Our Dying Waters. Saturday Evening Post Reprint. 1966. Amply illustrated, narrates the extent of water pollution in America.

Chemical 26. Process Magazine of the Pulp and Paper Industry. Reprint. 1966. A question and answer interview with Secretary of the Interior Udall on the Federal Water Pollution Control program.

Industrial Water Pollution Control – Special Report. Mill & Factory Reprint. 1966. Explains the role of industry in water pollution control, including a summary of State water pollution control activity by State.

Waste-Water Treatment. A Power special report. June 1967. A 32 page practical reference on waste-water treatment.

The Solution to Water Pollution, by James M. Quigley. Reprinted from Consulting Engineer, March 1967.

Eutrophication and Water Pollution. A reprint from Publication No. 15, Great Lakes Research Division, The University of Michigan, 1966, by Edward J. Martin and Leon W. Weinberger.

Water Pollution Control – Keynote address by Dr. Leon W. Weinberger before the Seminar on Water Pollution and Water Management Control, sponsored by REX Chainbelt Inc., Milwaukee, Wisconsin, June 28, 1967.

The Environmental Health Pilot for Chemical Industry Management, number six, Manufacturing Chemists Association, September 1967.

Industry Action to Combat Pollution, reprinted from Harvard Business Review, by James J. Hanks and Harold D. Kube, September-October 1966.

* U.S. GOVERNMENT PRINTING OFFICE : 1968 O—289-984
